- 36.5** 9-1-1 is provided subject to availability, as some communities in Canada do not offer 9-1-1 services. In this case, call the required local emergency service directly, for example, the fire department.
- 37. Limited Warranty** EH!tel does not warrant that the Services will be uninterrupted, error free or that the functions will meet the specific requirements of the Customer. EH!tel will not be liable for any damages incurred in connection with the use or inability to use the services.
- 38. Fraudulent Use** The Customer is responsible for all charges for Services subscribed to, regardless of who used the Services. The Customer is solely responsible in the event of charges arising from the fraudulent use of Service and/or Equipment by a third party.
- 39. Porting Numbers** Porting a number is moving an existing customer phone number from their current telephone provider to EH!tel. The Customer must sign a porting authorization form and return it to EH!tel along with a recent invoice from their telephone provider. The current provider may reject or approve the request. EH!tel is not responsible and/or liable for porting rejections. Porting may take up to two weeks. It is important the "date" of the move is adhered to. Failed porting places the number in limbo, and the customer may be unable to receive or make calls. EH!tel will not be liable for any interruptions, and/or lost calls involved with porting a number.
